

**Josef Abramowitz**  
President

Named by CNN as one of the top six Green Pioneers worldwide, Josef is co-founder of the Arava Power Company, a leading solar developer. Arava Power built the first grid connected solar field in Israel and over the last year has closed on \$300 million of projects, with a further \$1.5 billion of projects in the pipeline. An entrepreneur, environmentalist and human rights activist, Josef has been co-nominated three times for the Nobel Peace Prize.
